# FOUNDATION PROGRAMMES

AIMST University aims to be a premier private university, both nationally and regionally catering to the needs of local and international students in providing tertiary quality education. It provides special emphasis on building the students' interpersonal and communication skills including their language skills in English.

## School of General and Foundation Studies (SGFS) Introduction:

SGFS is firmly committed to enriching the lives of students by providing meaningful learning opportunities to help them formulate and achieve their goals. Through its accredited programmes, SGFS provides quality training that equips each student with skills, knowledge and values required to enter any degree programme. As a school for learning, SGFS also empowers students with the confidence needed to be better citizens of society.
