World Environment Day Events – WED 2016

Inter School Quiz Competition

Environmental quiz is a great tool to help school students maintain interest in environmental issues. In conjunction with WED celebration globally, AIMST University plans to hold an array of events for school students, in order to draw attention to human activities which have a direct impact on the state of the environment of our planet.

School students would be expected to gain the following from the quiz events:

- **Environmental Awareness**
To create awareness about environmental issues and to promote a change of attitude among students towards our environment.
- **Out of School Experience**
To encourage school students and to unplug them from their usual routines, enriching the students perception of the environment while making them to think out of the box.
- **Cognitive Development**
To ignite thoughts and ability to learn through non formal systems
- **Communication Ability**
To allow students to actively participate, build confidence and explore the diverse opportunities around them.
- **Meeting New Peers**
To create an all new support system among participants that will allow an exchange of ideas, better interaction and new discoveries
